Galiano Island

Oct. 4.

On Friday, Oct. 1, at Christ Church Cathedral, Victoria, the marriage took place of Mrs. Hamilton Ward and Mr. Richard Harvey, of Vancouver.

Mrs. Hope and Miss Grace Hope, of Vancouver, have taken possession of Mrs. Gilmour's house for the winter months.

Mr. and Mrs. Elverson are leaving on Saturday on a visit to England. Miss Muriel Lewin has returned to Oak Bay, Victoria.

Working at the bottom of a 24-foot well the other day, a Galiano man had a narrow escape when the pump fell down from the top. He was not seriously injured, only suffering from bruises and a slightly crushed finger.

Once more the Islands have said good-bye to Vancouver, the Island Princess having resumed her last winter's schedule. Connecting with Victoria via Deep Bay proved a most satisfactory arrangement from the passengers' point of view, and a return to this programme is greeted with marks of approval by those whom the matter concerns. However fond of sea voyaging an islander may be, the trip from Moresby or James Island to Victoria in winter, at best could only be termed monotonous. There was always the probability that the steamer would be held up owing to bad weather, and even the possibility of reaching Saanichton, which was the next scheme they tried, was sometimes a matter of doubt. The boat was known to spend the night tied up to Moresby wharf, unable even to make Saanichton. There was a poem written by an islander on the subject of the Saanichton-Victoria run, beginning like this:

"Oh, it's nice to live upon an island
Miles away from town,
Where the C. P. R. has got a contract
To take you up and down."

After a humorous description of the joys of the trip, of which the motor bus part was most realistic, the poem ended with the oft repeated chorus:

"We float and ride and walk upon one ticket."

Geed! that's going some!

Certainly the Deep Bay idea is the best yet. No one has time to get bored, or to feel seasick, and besides, it shortens the time it takes to reach one's destination. The freight system needs getting used to, but when one remembers the days of the Otter, when Victoria was two days' journey from home, one cannot but feel thankful for small mercies.

THANK YOU.

This week we received a splendid news item from an unknown correspondent. It was written as "an item of news for the Sidney Review." We wish to thank the sender of the item for remembering us, and we hope we will receive many more of them.

CHURCH UNION.

During this week the members and adherents of the Presbyterian and Methodist Churches in this district are voting on the question as to whether the two churches shall be amalgamated under the name of the Union Church of Sidney and be affiliated with the Methodist Church. On the ballot paper is an outline of the plan under which the Union Church will work. This question has been a live topic in the Presbyterian and Methodist Churches here during the past few months, and it may be definitely known on the evening of Monday, Oct. 11, what the two congregations wish. There will be a meeting of the two congregations at the Presbyterian Church on Monday evening at 8 o'clock, when the ballots will be counted and the result made known.

BUYS FIRST PRIZE LIVE STOCK

Owner of "Deerspring Ranch," Salt Spring Island, Purchased First Prize Mare.

Keeping up its reputation, Salt Spring Island, which long ago earned the reputation of having fine specimens of horseflesh, is still living up to its reputation. The beautiful mare exhibited by the proprietor of "Abergeldie Farm" at the exhibition recently held in Victoria, carrying off first prize in her class, and was much admired by the large number of visitors, has been purchased by the owner of "Deerspring Ranch" situated in the Lake District on Salt Spring Island.

Mayne Island

On Saturday evening, Sept. 25, a farewell dance was given at the Mayne Island Hall for Mr. and Mrs. and the Misses Lee, who are returning to their home in Vancouver after a very pleasant holiday on Mayne Island. Seventy-five people were present upon this occasion, and dancing was kept up until 11.45 p.m., when a most recherche supper was served.

Mr. Lee has been a most successful fisherman this summer. On Friday he came in with seven grise and a 40-lb. salmon.

Mr. Archibald Georgeson left on the Island Princess on Monday for a holiday in Vancouver.

Mrs. Kirkham's guests from Seattle, after a two months' vacation, left for home last week.

Mrs. Goodyear, our popular school teacher, who has returned from a long holiday in Vancouver, has Mrs. Armstrong, her mother, to stay with her this winter.

Mr. George Maude and Mr. Dick Hill, made a flying trip to Victoria on Tuesday.

Mr. G. Macdonald is staying with Mr. and Mrs. Macdonald.

A delightful performance took place at Ganges in aid of the Dramatic Society. Those who took part were: Mr. Wilson, who sang the "Sunshine of Your Smile," and "Keep the Great Big World Rolling"; Miss Hudson and Miss Aitken gave a sketch and song, which were much appreciated. Mr. Towner and Mr. Smith kept the audience in fits of laughter with their sketch "A Lunatic's Romance," the acting being about as perfect as one could wish from amateurs. Mr. L. G. Gwne also assisted in the programme. Others from Victoria, whose names are unknown, helped to make the entertainment a great success. As a result of the performance, over \$100 was collected.

Mr. and Mrs. Hill entertained a number of guests at dinner one evening last week in honor of Mr. and Mrs. Lee. During the evening additional guests joined the party and a very enjoyable musical evening was spent.

Mrs. B. Emery gave a jolly party on Tuesday evening, when music and dancing were the order of the evening. The fourteen young people present spent a most enjoyable time with these forms of amusement, and thoroughly enjoyed the dainty refreshments served.

The Island Princess makes her last run from Vancouver today, Tuesday. After Sept. 28 she will leave from Deep Bay for the Island route.

Once more we are rejoicing in fine weather, which is much appreciated after the heavy rains we have experienced. The Islands are looking beautiful, the grass being quite a brilliant green, and the maple turning their wonderful coloring.

Saturna Island

Oct. 2.

The tugboat season seems to have arrived, three boats, the Chieftain, the Chemainus and Prosperous all stopped at Lyall Harbor on their way to the American side these last two days. One lying at anchor waiting for the weather to clear, as a souvenir took part of the Saturna wharf—a float.

The engagement is announced of Miss Joan Georgeson, youngest daughter of Mr. and Mrs. James Georgeson, to Mr. Arthur Ralph, both of Saturna.

Mr. and Mrs. Macgee and their little daughter Patricia, of Vancouver, are the guests of Mr. and Mrs. Arthur Drummond.

Mr. Wally Adams, of the E. B. Marvin & Co., on his yacht Truant, was a visitor to the island last week-end for the last of the grouse shooting. He had with him Mr. and Mrs. Ernest Adams and Mr. Healey, all of Victoria.

There was no good hunting over the week-end on account of it being so wet.

Mr. A. Ralph has bought the property owned by Mr. Jardine, of New Westminster, at Monarch Head.

Miss Joan Georgeson has left to visit friends in Victoria.

Mrs. Auchterlonie, of Hope Bay, North Pender, is visiting Mrs. A. Taylor.

The Saturna sawmills boat Nora is away delivering lumber to several places among the islands.

Mrs. A. R. Spaulding, Mr. and Mrs. L. Walker and Mr. Richardson went to Sidney by launch on Thursday on their way to Victoria, for a few days. Mrs. Spaulding took her little grandson, Master Wymond Irving, back to his parents, Mr. and Mrs. Bruce Irving, at Leaseton, B. C.

Mr. and Mrs. W. Burton, with their son, Mr. Eric Burton, are visiting at South Pender.

Mr. and Mrs. L. S. Higgs have returned to South Pender after a trip to the West Coast of Vancouver Island.

Mr. Sprinkling has brought his second tractor over to South Pender from Fulford Harbor. In attempting to take it off the scow the planks gave way and it and the driver found themselves in the water, but with the aid of the other tractor it was hauled out again. Luckily, no damage was done, only everything full of salt water.

Mr. W. Higgs spent last week-end with his parents at South Pender.

The steamship Nora has gone to Victoria.

Mr. Graw, on his schooner Wanderer Lassie, who has been at Boot Cove several weeks, left for Victoria a few days ago. He expects to return again shortly.

Messrs. R. S. W. Corbett and sons of Hope Bay, North Pender, are erecting a very fine new warehouse.

ROADS ARE IN BAD CONDITION DID NOT RECEIVE INCREASE

Beacon Avenue and the East Road Are Now Badly in Need of Repair.

The heavy traffic on Beacon avenue and the East Road during the past few weeks has played havoc with these thoroughfares, and it is hoped the government will take steps to remedy the condition as soon as possible.

During the past summer these roads were repaired, but the material used has not stood the strain of the heavy traffic. In some spots, especially during the rain which has prevailed for some time, motorists state they have to proceed with extreme caution in order to avoid accident.

This matter will no doubt be taken up by the Sidney Board of Trade at its meeting next week.

STREET LIGHTING FUND.

We are pleased to be able to say that the street lighting fund has now reached the tenth stage, due to a donation from the Sidney Bakery and Meat Market, who handed us a five spot to be added to the fund. Mr. J. C. Wemyss also called on us and donated fifty cents to the fund. The fund now stands:

Previously acknowledged	\$11 75

Our sincerest sympathy is extended to the family of the late Mr. Jas. Cunningham, whose funeral was held in the Episcopal Church at Ganges, last Thursday. Interment took place in the Anglican Church cemetery. The two hymns sung were "Rock of Ages" and "Nearer, My God, to Thee." The pall-bearers were Messrs. E. Walter, C. Abbott, P. E. Lowther, W. A. McAfee, J. Royal and S. Holmes.

Mr. and Mrs. Allan Blackburn, of "Ostalg," Ganges, have been attending the fair at New Westminster.

The government has several men at work testing the harbor bottom for the placing of piles for the new wharf which, we understand, is soon to be built at Ganges.

Mr. E. N. Stanford, former post office assistant, has accepted a position in the Mount Bros. store.

The social will be held in the large Berquist Hall.

Staff of the Sidney Schools Meet With Unique Experience When Cheques Were Received.

Fully believing that the salaries promised them at the annual meeting of the ratepayers which was held last July would be forthcoming, the teachers on the staff of the Sidney schools received quite a shock when they received their cheques a few days ago. Instead of receiving the advance in wages promised the cheques were made out on the basis of the old schedule.

It appears that the reason for this is that the financial year of the school commences on Jan. 1 of each year, and no increase in salaries is given until that time. In view of this fact, it will probably be necessary to make some arrangement with the staff regarding the increase promised them.

This phase of the school salaries was not understood by the ratepayers at the time of the annual meeting, and it is evident that they expected the teachers to receive the increase in salaries with the commencement of the fall and winter term.

It is to be hoped that the Trustees will be able to make arrangements to the end that the increased salaries will be paid from the commencement of the present term.

Mr. Merchant, we will be pleased to receive your contribution to the lighting fund.

Special music had been prepared by the choir for these services, and the anthem was very capably given at both churches, at Holy Trinity at the morning service and at St. Andrew's during the evening service. Miss Rosa Matthews was the soloist on both occasions.

WHAT ABOUT THAT LIGHT?

Some weeks ago the light on the corner of Beacon avenue and Third street ceased to throw its welcome rays round and about that particular corner. Is it not about time that this light had a little needed attention?

The "Eden" Electric Washer and Wringer

Just think! You place the clothes, soap and water in the machine, turn the electric switch and the machine washes the clothes while you do other things. The finest of fabrics are not injured, and the heaviest of clothes as thoroughly purified in a short time without labor or wear. A business man said to us the other day: "If I could not get another I would not take \$500 for the one I now have. I tell you, it is great." Another well-known citizen said: "We have had ours for over a year, and it is certainly the finest thing in its line that I have ever seen." They were referring to the New Eden Washer and Wringer, electrically operated from an ordinary lamp socket.

Children's Column

By Miss M. I. New.

Last week we were talking about the birds going south for the winter. At 7.30 the other evening I heard a squealing-quacking noise, and on going outside I could just make out a shadowy stream of birds flying across in the darkness—wild geese heading south, ever such a crowd of them. I wonder if they passed your way?

Riddles.

It is quite too long to wait a whole week for the answers, isn't it? Last week we asked—

1. When is a man thinner than a bath?

When he's a-shaving, of course!

2. What is the best country for little kittens?

Lapland.

3. Why is C like a school mistress?

Because she forms lasses into classes.

Here are three more:

1. Which is the longest word in our language?

2. Why is a washer-woman like a sailor?

3. Why were gloves never meant to sell?

The answers to riddles will be found at the foot of your column in future.

Relay Broad Jump.

This is a game for any number of you to play. Choose two or three leaders and let them pick their teams, six or eight for each team. Each team stands in line, as for an ordinary relay race, and at the word "go," the leader of each line runs to a mark and jumps as far as possible. The next player in each line has to jump from the place where the leader's heels landed, and the third player from the mark made by the second, and so on. The line that covers the longest distance wins. You should have a referee for this game.

Outwitting the Germans.

Who found out the secret plans of the German army and posted them up each morning where everyone could see, in the captured city of Tournai? Canadians who marched into Tournai heard many stories of the terrible German occupation. One story was that of a Belgian boy who had a wireless set of his own, and who put up the aerials each night on the roof of his house and listened to the German wireless stations. Every morning the news he heard was made public, much to the annoyance of the enemy, who kept such a strict watch over the people of the town. Probably this clever Belgian boy was forced to go away with the Germans when they retreated, taking young boys, girls and old men to work for them. According to the story, the mystery of the public notices was not solved by the enemy.

A Letter From Pixie, the Cat.

Dear Youngsters

I hope you are well, like me. I am always well, as long as there is a decent mouse in the barn and the cows come home on time. But I was very mad yesterday. It was raining, and I was hungry. There wasn't anything to do but sleep. So I curled up under the stove, and was beginning to dream about finding a nest of little fat rats, when there was a swish of water, and I jumped up, bumping my head against the stove.

The boy's big sister was washing the floor. She might have warned me, but she didn't, and my whiskers got wet and soapy. It was horrid. Then the boy picked me up and dumped me outside the back door in all the rain. It has rained a good deal lately off and on, mostly on I felt just as mad as could be. The boy's sister really has a kind heart, but I think she was tired after working hard all the week. Pretty soon I heard her call me, and wasn't I glad to run back into the warm kitchen again! Then she sat down and stroked my wet fur, and said I was a "poor old puss now." And I stopped feeling mad right away and began to snugg up to her softly.

That's what I like about our life. That's the boy's big sister. "She always puts when she's pleased."

You take me up a whizz, and do the same. Pixie makes you

Agent for Sidney Mills Limited. Dated July 28th, 1920.

feel comfy inside, and everybody seems to like it, so keep on purring! Your loving friend,
PIXIE, THE CAT.

Answers to Riddles.

1. Smiles—because there's a mile between the first and last letters.

2. Because she takes in her sheets, crosses the line, and goes from pole to pole.

3. Because they were made to be kept on hand.

MR. J. C. MCINTOSH ILL.

The health of Mr. J. C. McIntosh, M.P.P., continues to be very unsatisfactory, his physician absolutely forbidding any public engagements. During the recent visit of the Imperial Press Association, Mr. McIntosh's activities in connection with their entertainment and sightseeing resulted in his return to bed.

We understand the resignation of Mr. McIntosh was in the hands of Sir Robert Borden for nine months before his retirement, and it is also rumored that he has renewed his offer to Mr. Meighen. The many friends and acquaintances of Mr. McIntosh will wish him a speedy recovery.

Keeps Baby's Skin Healthy

If every mother could only realize the danger which lurks in the neglect of chafing and skin irritations she would not take chances on being without Dr. Chase's Ointment to apply after baby's bath.

It arrests the development of eczema and makes the skin soft, smooth and velvety.

Think of Her

It is an enormous task today for manufacturers of telephone equipment to maintain an adequate output. They are away behind in their orders, owing to shortage of workers, raw materials, inefficient transportation and other causes. In the meantime, Central is supplying service with the means at her disposal. She is working harder than ever, realizing that the telephone is a great factor in social and business life. To her belong the credit or assuming greater burdens because of shortage of equipment. When you telephone, think of her and what she is doing.

ALBERTA MARKETS

(From The Market Examiner, Calgary, Oct. 1, 1920.)

MONEY.

The premium on American money was quoted this morning at 10 5-8.

CATTLE.

Last week's forecasts of uncertainty in the market were more than realized by the severe declines recorded at Calgary, where beef is about \$1.50 lower than at last issue. Choice steers are now \$8 to \$8.25, good butchers, \$7.25 to \$8; medium, \$6.25 to \$7.25; common, \$5 to \$6. Choice cows \$5.75 to \$6.75; good butchers, \$4.75 to \$5.75; medium, \$4 to \$4.75; common, \$3.50 to \$4; canners, \$3 to \$3.50. Bulls half a dollar lower, with the tops \$5.50. Calves have held better than other offerings, with the best \$9 to \$10.60; common, \$6 to \$8.50. Stocker and feeder steers also lower, with the best \$7.25 to \$7.75; stockers, \$5 to \$7. Get in touch with your commission man before shipping.

At Edmonton the market has been dropping slowly but steadily, and this morning's news makes the quotations still under those given yesterday, with very few steers bringing over \$8, and it is hard to get \$7 for any but very choice cows, with the top sale yesterday at \$6.55. Choice steers sold Thursday at \$7.50 to \$8; good butchers, \$6.75 to \$7.50; medium, \$6 to \$6.75. Choice cows, \$6.50 to \$7; good butchers, \$5.25 to \$6.25; medium, \$4.50 to \$5. Bulls are unchanged with the best at \$5.50. Veal is a little lower, with the best of the calves not over \$9. Stock cattle have been in better demand, and the prices are reasonably attractive to purchasers.

HOGS.

There was another advance in hogs this week at Calgary, and most of the sales through the week were at \$24.35.

There has been advance in the hog prices at Edmonton, as well as other western points, and the sales on Thursday had reached the \$24 mark.

SHEEP.

Quite a few sheep of all kinds coming in and moving at steady prices. Lambs at \$11.50, wethers \$8.50, and ewes \$7.25, these being about the top prices on each class and grading down according to quality.

Moderate receipts of sheep are reported from the Edmonton yards, and prices are holding fairly steady, but there is a decline of about 25c to 50c on all classes of butcher offerings.

GRAIN.

Serious breaks have been recorded in the grain market during the last week, and while there are some who think the bottom has been reached for a time, others are just as strong in their arguments that they are still too high. The provincial department of agriculture estimates the yield as follows: Wheat, 11 1-10; oats, 39; barley, 28 bushels. The threshing has been somewhat interrupted by wet weather, but there are heavy inspections. Some points are already reporting a lack of cars, and from now on the difficulty will be more serious.

PRODUCE.

Very little to report in the produce market during the week. Butter of all kinds firm; good demand for dairy butter, but little offering. Choice table butter from 52c down, and No. 1 from 45c down; straight receipts from 44c to 45c. Creamery still 63c for No. 1, and 58c for No. 2, and car lots on basis of 58c. Eggs firm, and most of the offerings are paid for at \$17.50.

HIDES, FURS, WOOL.

No improvement in hide prices yet, and quotations for the best hides do not exceed 10c and down to 5c for the rough hides. Wool is still selling slowly, according to eastern reports. Furs are not moving in any quantities.

West Saanich

Mr. and Mrs. Henderson Lawrie had the pleasure of entertaining at dinner during the present week an old friend in the person of Mr. Renworth, of Vancouver, who is branch manager for the Manufacturers' Life Assurance Co. of the Mainland City. Mr. Renworth was accompanied by Mr. T. C. Maitland, of Toronto, auditor for the same company. The two officials will spend a couple of days in Victoria on business connected with the company, but their plans for a holiday jaunt around the Saanich Peninsula have had to be abandoned owing to the steady downpour of rain which has prevailed. Although the visitors were not able to personally inspect any of the fruit farms in this district they were shown some of the products by their host and hostess who are very enthusiastic over the future of the Saanich Peninsula and take advantage of every opportunity to boost the district, and Mr. Maitland will carry back to Toronto a good report, despite the unfavorable weather conditions which prevailed while he was here.

The benefit card party, dance and musicale which was to take place at the West Saanich hall on Friday

evening has been postponed on account of the dance which the trustees are holding at the Temperance Hall, Keating. The former event will take place on Friday, Oct. 15, and tickets are selling rapidly as the cause is a worthy one. A card game will take place at the commencement, and for this good prizes have been donated.

Mr. Haggart is arranging an excellent programme, and although the numbers will be limited the talent will be of the best. Mrs. Stephens and Mrs. Pike have consented to look after the supper room, while Mrs. J. W. Sluggitt, assisted by a number of the young girls, will attend to the decorating. A three-piece orchestra will provide music for the dancing.

Mr. Gilbert Oberg, of Alaska, is visiting at the home of Mr. A. Anderson, Keating.

Mr. J. Pitzer, of Victoria, spent Sunday at the home of Mr. L. Thomson.

Mr. A. Evans has accepted a position at Abbotsford, B. C. Mr. Evans is the grandson of Mr. J. W. Thomson, West Road.

On Sunday evening Rev. T. Tapscott preached the third sermon in the series which he has undertaken on the subject of "The Unpardonable Sin," and despite the inclement weather a large number of interested followers were present.

An unpleasant incident occurred on Wednesday last when three schoolboys had a collision while riding their bicycles on the West Saanich Road. Willie Sluggitt was riding from school and in making a sharp turn he failed to notice the approach of two boys coming from the opposite direction. The bicycles collided and all three of the boys received bad bumps and bruises. Claude Sluggitt being on the front of the first bicycle, which was less able to protect himself and besides getting a nasty blow on the mouth, which lacerated some of his teeth, he also had a finger broken.

WRITE FOR COLOR CARD

A number of the residents of this district are arranging a meeting in the interests of prohibition to take place on Monday evening, Oct. 11, at the West Saanich Hall. Dr. Ernest Hall will be the principal speaker for the evening. Good music will add to the entertainment, and it is hoped that other speakers will be secured.

Mr. E. Rear, of Keating, entertained friends from Gordon Head on Sunday.

Major Gerard, of "Ashburnham," Tod Inlet, had a party of visitors at his home on Monday last.

Cement tile continues in great demand, and trucks are seen daily conveying this product to the different purchasers. As a consequence of this heavy traffic the Keating Cross Road is in a worse condition than ever before, and motorists are expressing their feelings in very uncomplimentary language.

A large scow in tow of the tug Triumph, of Seattle, loaded a cargo of cement at Tod Inlet on Monday. While crossing the Straits on the incoming voyage they encountered a heavy gale and the scow broke loose but after the wind calmed down the tug succeeded in picking her up again and proceeded on her way. Some repairs were necessary before leaving port, and these were carried out by local artisans.

Mr. R. Barnes, of Keating, spent Saturday in Victoria with friends.

The card party given by the members of the South Saanich Women's Institute on Saturday evening was well patronized, twelve tables being engaged for the games. The winners of first prizes were as follows: Miss Hafer, Ralith Mitchell, Morley Tubman and Mr. Henderson Lawrie while consolation packages were handed to Miss Viva Anderson, May Anderson, Mr. Cruise and Wilfred Butler. Refreshments were served and dancing was indulged in until the close of the evening.

Mr. J. J. White, of the Canadian Customs, Sidney, B. C., paid a visit to Tod Inlet on Sunday and was a guest at the Brentwood Hotel.

Mr. Victor Raine, who has been ill for the past week, is now recovering.

BORN—At the home of Mrs. Walker, Saanichton, on Monday, Oct. 4, to the wife of Mr. H. Ellis, of Tod Inlet, a daughter.

James Island

An enjoyable dance was held in the Moore Club on Friday evening, light refreshments being provided by the ladies. During the evening two boxes of home made candy, presented by Mrs. E. Rowa, were disposed of to the benefit of the club funds, the candy eventually becoming the property of Mrs. N. Moore and Mrs. Van Norman.

A crowded house rewarded our theatre manager's effort in securing what were considered the most interesting set of pictures shown here since the commencement of the "movies" on the Island. It is certainly a great boon to have a picture show of our own, and, given sufficient patronage, many a winter evening will be pleasantly whiled away in this manner.

James Island trundlers are once more loosening up on the alleys which have been put into excellent condition this fall. It is whispered in some quarters, however, that some slight difficulty may be experienced in finding the "groom" this year.

An interesting tournament is now being arranged by Mr. Lyons, of the C. X. L. Montreal, and the members of the bowling clubs of the different allied companies of the Canadian Explosives throughout Canada. It is proposed that long distance matches be held between representative teams of each plant on a regular schedule throughout the winter games to be played each week and prizes to be presented at the end of the season to the highest team, and also for individual record.

Note and Comment

Canada's grain crop this year is the best since 1915, and as the new crop becomes available prices are steadily declining.

At the international financial conference at Brussels, R. W. Boyden, unofficial representative of the U. S. A., said that Europe could not be considered by the United States as a good financial risk. The United States cannot undertake to finance further European requirements.

And the Lord Mayor of Cork still lives! British newspapers are much concerned over the question "What is keeping him alive?"

Ex-Premier Agguith has declared that he is not alarmed at the spectre of an Irish Republic!

It is rumored that the Rt. Hon. W. M. Hughes, Prime Minister of the Australian Federal Government, is to retire soon from political life. Beginning his political life as an enthusiastic labor leader, he took a strong imperialistic stand during the war. He represented Australia at the Peace conference.

Is the British Columbia Legislature to have another lady member? Miss Katherine Ryan, of Stewart, B. C., is mentioned as a likely candidate for the Atlin district. She holds the office of gold inspector in the Yukon and is said to be a real honest-to-goodness soundough, having been the first woman to join the famous "rush" in '98.

The Victoria city council has decided to carry the fight on church taxation direct to the Privy Council in London. The B. C. Court of Appeal recently handed down a judgment that church property was exempt from taxation, the case having been appealed from the Supreme Court decision, which favored the city. Now the question is to be carried to those from whose decision there can be no appeal.

Stories of incipient unrest and disturbance in India seem to presage a dark time ahead for the administration.

It's from America, of course—Texas, to be exact. A hen is suffering, actually, from nervous prostration. She would sit—and her unfeeling owner gave her six alligator eggs to mother. She left when the first one hatched.

Canada is not to have an "Ambassador" at Washington, after all. Newspaper headline: "Observers think Bolshevik rule is drawing to a close."

It is reported on good authority that the Poles and the Bolsheviks have decided on an armistice, the Bolsheviks having undertaken to grant concessions formerly refused.

CARLOAD OF JERSEYS.

North Saanich farmers are keeping well abreast of the times in the matter of Jersey cattle. A carload arrived from the Island of Jersey yesterday afternoon via the Canora, and were distributed to the various owners, Mr. J. S. H. Matson taking seven, Mr. Geo. Sangster four, Mr. Oldfield one, and for or five more were distributed among various parties whose names we were unable to learn.
